

# Mission Statement

*The Dothan Police Foundation, Inc., is an independent, not-for-profit organization established to improve community relationships through the Police Education and Training Program, the Community First Initiative and the Pro-life Animal Services Program.*

*The Foundation is supported through the interest and subsidy of the business community and citizens. Our mission is to provide supplemental resources for the facilitation of education and training for law enforcement and first responders to enhance regional public safety, build stronger relationships between the community and the Police, facilitate youth outreach programs, and provide pro-life, rehabilitation-adoption animal services.*

*The safety of all neighborhoods and lives is a civic responsibility that everyone shares and we believe the Foundation's objectives will benefit all stakeholders within our region. Our vision is to make Dothan and the Wiregrass area the most friendly, safest and inviting place for all its residents and visitors to live, work and play.*
